

KCIA AIRPORT ADVISORY

DATE: September 17, 2003

TO: King County International Airport Tenants
distributed by e-mail and fax

FROM: 
Robert I. Burke, AAE, Airport Director

SUBJECT: RWY 13R/31L Partial Closure -TODAY - September 17, 2003

Due to recent inclement weather, the Taxiway Alpha Recabling Project is behind schedule. Optimum weather conditions are forecast for today, allowing the Airport to take advantage of the VFR conditions with a partial closure of 13R/31L that is essential to completing the project prior to the arrival of winter.

The first **2400 feet of Runway 13R** will be **closed** and will have a **relocated threshold** on **September 17, 2003 (TODAY) from 12:30 - 17:30 (local time)**. Additionally, taxiway intersections **A1** and **A2** will be closed.

Therefore...

- If 13R is active (south flow), there will be 7601 feet available for arrival and departure.
- If 31L is active (north flow), there will be 7601 feet available for departure and 6801 feet for arrival.

Your continued cooperation during this construction period is appreciated.

Please check NOTAMs for changes.
